## SUMMARY

As a skilled Front End Developer with 6 years of experience, I have a proven track record of designing and developing visually stunning, responsive, and user-friendly websites. My expertise lies in converting complex designs into seamless and efficient user experiences using HTML, CSS, JavaScript, and various front-end frameworks. I'm proficient in responsive design, cross-browser compatibility, and web performance optimization techniques. Additionally, I have experience in Agile methodologies, version control systems, and web accessibility standards. I'm passionate about keeping up with the latest web development trends and technologies to continuously improve my skills and deliver high-quality results. With my strong problem-solving skills and attention to detail, I am committed to providing the best possible user experience for every project.

## TECH STACK

HTML	CSS	JS ES6	Typescript	JQuery	CSS Preprocessors / SCSS	CSS Methodology / BEM

## EXPERIENCE

### Front End Developer

#### Dubai Municipality

2020 - Ongoing Dubai, United Arab Emirates

- Responsible for architecture and defining the Front-end framework to solve complex designs and interactions that reflect the creative and art direction.
- Collaborated with the UX/UI design teams to improve the website, Dashboard, and convert it to the real world.
- Daily maintenance of code, debugging issues, and solving problems.
- Used JavaScript to validate input values on forms to make sure that it's accepted before they are submitted to the server.
- Lead recruiting of new Front-end employees.
- Worked with an agile team of 12 members and provided end-to-end solutions for clients
- Responsible for the creation of all coded Front-end deliverables and for mentorship and guidance to technical team members in all project activities.

### Front End Developer & UI UX Designer

#### Datacell Solutions

2019 - 2020 Dubai, United Arab Emirates

- Design and develop features for an industry-leading Workload Automation product using modern front-end technologies.
- Collaborate with designers and back-end developers to implement and improve features.
- Creates optimized solutions across multiple devices and screens, including desktops, tablets, and smartphones.
- Presented prototypes and concept designs using tools like Photoshop, and Adobe XD.
- Developed website redesign and improved conversions, using JavaScript and HTML5.

## EXPERIENCE

---
